NOTE:
The Regional Municipalities of Durham, Haldimand-Norfolk, Halton, Hamilton-Wentworth, Niagara, Peel, Waterloo, and York are subdivided into cities and towns of greater area than exist elsewhere. This area of the Province delimited by is portrayed in greater detail in the **SOUTH-CENTRAL ONTARIO** *enlargement, at right.*

THE CONSERVATOR. BRAMPTON JUNE 12TH 1885

THE STORM OF SUNDAY.

GREAT DESTRUCTION IN WESTERN ONTARIO

PARKHILL, JUNE 7TH. A terrific hailstorm passed over this town about 4pm. today. hail stones from 1 to 4inches in diameter was not uncommon Great damage was done in town by hail breaking windows etc.

Very few houses escaped damage.

Reports from the surrounding country say great damage was done to fruit trees. In many places trees were uprooted, blown down and broken very badly. Farmers say the loss in fruit trees willbe very great. Fences were completely demolished.

Again in the evening, about 8 o clock, a very severe thunder storm passed over, causing much damage. The lightning was very sharp.

A WOMAN INSTANTLY KILLED BY LIGHTNING AT ST THOMAS.

ST THOMAS, JUNE 7TH A terrible hailstorm, accompanied by thunder and lightning, passed over this city about 4 o clock this evening, which caused loss of life and great damage to property. A Mrs James Ryan, residing in the southern part of the city, was struck with the electric fluid and instantly killed, Mr Stillson, residing on Flora street was also struck, but he will recover. There are no more cases reported in the city as yet, though the play of the lightning was terrific for about ten minutes.

Pieces of ice as large as marbles came down in such torrents as to make it impossible to see an object a rod away. The wing of a house on Owassa street was blown down, and several others were damaged more or less. The windows in a store front on Talbot street were blown in and smashed.

Great damage has been done to the fruit crop and growing garden stuff.

AMERICAN MONTHLY WEATHER REVIEW. JUNE 1885. VOL. 13, No. 6, PAGE 153.

STORM DATE. SUN, MON., JUNE 7,8 1885.

PORT HOPE, ONT. A very severe hailstorm occurred on the night of 7th. and 8th. June, during which all exposed windowsglass was broken. The hail-stones were as large as walnuts, and some were found to measure 5 inches in circumference. Several barns in the vicinity were blown down or unroofed.

STORM DATE
SUN JUNE 7, 1885

PORT HOPE.

DAMAGING THUNDER STORM.—At about half-past nine last Sunday night there was a heavy fall of hail here, which did considerable damage. The storm was comparatively light in the centre of the town, but near the lake shore it was very severe. It lasted about twenty minutes, and was accompanied by vivid lightning and loud peals of thunder. A building on Cavan-st. owned by Mr. H. Barrett was struck by lightning and burned. It was occupied by Mr. Wm. C. Black, collar-maker, Mr. V. A. Coleman, saddlers' hardware manufacturer, and Mr. John Trick's pianing mill. Two hundred horse collars in Mr. Black's shop, which were all complete, were burned. The windows of the G. T. R. hotel near the Grand Trunk station, were badly wrecked, and the glass in the windows of many houses was smashed. The roofs of some buildings were moved by the violence of the storm. The town hall suffered considerably, 150 lights of glass being broken in it.

LIGHTNING FATALITY

MAN KILLED BY LIGHTNING.—At Garden Hill during the severe thunder storm on Sunday morning Samuel Bryan, a farmer thirty-five years of age living about half a mile east of Garden Hill, was struck by lightning and instantly killed while standing in his own house. This is the second time Mr. Bryan has been struck. His hired man who was standing close beside him was rendered unconscious. The corner of the house where the lightning struck was considerably shattered, but no material damage was done.

ARM FRACTURED.—Earland Vincent had the misfortune to fall and break his arm at the rolling-skating rink here on Tuesday evening. This is the second time Mr. Vin-

FRI. JUNE 26 1885.

PORT HOPE.

W. Bone

AN INCIDENT OF THE CYCLONE.—Mr. W. Bone, who lives on the 6th con. of Hope, was in town on Sunday night, and did not reach home on account of the storm until past midnight, when he found that the roof of his dwelling had been blown off, and two of his children who were sleeping up-stairs were carried bed and all into the adjoining garden. He found his wife and family in the milk house, where they had gone for protection. This equals some Kansas stories of the doings of cyclones in that state, with the difference that this is true.—[Guide.
