STORM DATE.MON.JULY21ST.1856. (FROM THE BRIGHTON FLAG.)

TORNADO.

We were visited on Monday last with a severe thunderstorm accompanied by a terrific gale of wind.In the village it did considerable damage by breaking down trees and destroying gardens by the hail.Among other disasters a new building belonging to MR.H.C.BETTERS,was blown down with a terrific crash,its timbers are literally broken to pieces.The joiners were working in the building when they saw the gale coming — they fled — and had not left it more than two or three minutes before the building was lifted from its foundationsand dashed to the ground a heap of ruins.We also learn that the storm passed through the centre of the township,doing considerable damage to the crops,fences,etc.
