WINNIPEG (CP) - The Manitoba Government will offer financial aid to Manitobans hit by recent tornados and thunderstorms, Government Services Minister Aime Adam said yesterday. Mr. Adam said the St. Claude and Rosenort regions, worst hit by the storms, have been declared emergency areas. He said the Government will lend money at 9 1/4 per cent interest to those who want to repair or replace buildings and equipment damaged by the storms. The minister said the current lending rate to farmers is about 15 1/2 per cent. Mr. Adam said the assistance program covers uninsured buildings and their contents and will apply to the first $50,000 of the cost for a term of five years.
