LAMBTON HIT BY CYCLONE..CUTS SWATH TWO MILES LONG IN BOSANQUET TOWNSHIP..FALLING BARN CRUSHED TWO..CROPS LEVELLED,TREES DOWN AND PART OF FOREST CEMETERY WRECKED..A DESTRUCTIVE BOLT NEAR CHATHAM.

(Special to The Advertiser)

FOREST,ONT.,JULY 30.Cutting a swath two miles long and 500 yards wide,a cyclone swept through BOSANQUET TOWNSHIP, early yesterday afternoon,doing immense damage to crops and property generally.It was accompanied by a terrific downpour of hail and rain,and was the worst storm of this type that has ever visited LAMBTON COUNTY.No lives were lost,but GEORGE CODLING,a farmer on the 16TH.CON.,,and his mother were caught beneath a collapsing barn,and the former terribly injured. His jaw is broken and he is suffering from internal injuries,while his mother is also badly bruised and shaken up.The barn,which contained the season's crops, was a total wreck.

Everything went down that was in the path of the storm,corn,sugar beets,wheat and other crops being levelled,and hopelessly ruined.Orchard trees also suffered in large numbers.

The cyclone cut across a corner of the cemetery about half a mile north of this place,badly wrecking everything in the way of fences,bushes and trees and upsetting a half a dozen monuments.
