TORNADO.

KILLARNEY
BOISSEVAIN, MAN. Sept 10th. 1942 early evening (estimated 1930)

Description: Moved from S to E along an 18 mile path, ½ mile wide, covering the Oak Ridge, Northcote, Hullet regions.. woman sucked out of window.. clothing torn off children.. car blown 600 yards. Tornado struck immediately north of Killarney.

Damage: 15 injured.. 7 housed and 16 barns raised. $130,000.

Reference: The Killarney Guide. July 11th, 1957.

Hail in town of Boissevain with some aggregate stones measuring 10 inches in circumference. The tornado began south of Boissevain near Fairburn, passed south of Ninga, and struck with severity 3 miles NE of Killarney. Near Boissevain the up to date barn of the Holditch farm was demolished with one killed by being caught in debris.. other barns near Boissevain were also demolished. South of Boissevain one field of stooks was cleaned right off.. straw fell in heavy rain at Baldur and Belmont. Bits of paper and even boards were also reported as falling. Straw was reported falling in rain as far east as Sperling,, At Killarney calf carried 300 feet, but not badly hurt.. Mr. F. Jordan was upstairs when the tornado struck,, she was carried away with building and later found unconscious .. potato crops torn out of ground.

KILLARNEY

(over)

At Greens, just N of Miss Finkbeiners there is not a sign of a house or stable. An eyewitness to the destruction of the stable said he saw it lift in one piece, twist slightly, then disappear in the cloud of dust. Six miles ot telephone poles were down, and in one 2 mile stretch even the poles have disappeared. People at Killarney Lake reported a wall of water several feet high pushed by the wind as it hit the grade, broke across the highway. Following this the lake was churned up with waves many feet high. Two other citizens returning by way of the lake saw a WATER SPOUT, rising in the air a considerable distance and rushing down the centre at an incredible speed.

Severe wind storm struck Selkirk during the evening (Sept. 10). Portion of the roof of the Manitoba Rolling Mills blown off and trees blown down. Light hail.
