Date **:** Sunday, May 12, 1974

Time **:**

Location **:** Warwick or Birnham, Lambton County

F-Rating **:**

Track Length **:**

Max Width **:**

Direction **:** °

Shape **:**

Injuries **:**

Deaths **:**

Damage Cost **:** “On May 12, 1974 a tornado cut across the front of the farm, uprooting and destroying many trees. It lifted a large heavy raft out of the pond and carried it over into the flats. It also blew the west gable end of the house in about a foot. After that time, the aluminum windows would bind and were hard to lift or change.”

Notes **:** Found on Warwick History website:
http://warwickhistory.ca/families/firman.html
To be determined if this was a tornado which was not entered into EC’s database.
