Storm damage in Erieau 1055

One of the worst storms in the history of the village of Erieau hit early Friday evening.

High winds and thunder storms downed hydro wires and left them blazing on the ground.

A recently completed summer cottage on the lakeshore in the vicinity of the Iles camp was completely destroyed and tree branches littered the streets.

Mollie Vidler, area reporter, said it was the worst storm many residents could remember happening in that area.

ERIEAU.
