STORM DATE. "LATE AFTERNOON" TUES, SEPT. 22ND. 1931.

HOUSES FLY ALOFT IN MONTREAL GALE.

SUBURBAN TREES UPROOTED AND ROOFS RIPPED AWAY..LOSS TOTALS THOUSANDS.

(Canadian Press Despatch)

MONTREAL, SEPT. 22. Wind of high intensity swept over suburbs of MONTREAL today, hurling summer residences in the air, uprooting trees and blowing down light and telephone wires. No one was injured, but property damage amounting to thousands of dollars was caused.

The town of CARTIERVILLE and portions of BORDEAUX, AHUNTSIC, SAULT AUX RECOLLETS and LAVAL DES RAPIDES were plunged into darkness when power lines were blown down along the O'BRIEN BOULEVARD, CARTIERVILLE. Twenty-eight poles were wrecked along the boulevard.

Considerable damage occurred at the CARTIERVILLE BOATING CLUB, where 25 square feet of roof was torn from the building. The portion of roof crashed into a telegraph pole, which went down.

The severe gale occurred late in the afternoon. All evening repair squads of the power company were busy clearing the roadways which were blocked by falling poles and wires.

At McGILL UNIVERSITY WEATHER BUREAU it was explained that the wind reached hurricane proportions, but was restricted to a small area centred near CARTIERVILLE.
