CYCLONIC WIND, GUELPH, ONTARIO.

THE GLOBE, TORONTO, FRIDAY AUGUST 7TH. 1931.

STORM DATE. "EARLY TONIGHT" THURS. AUG. 6TH. 1931.

ROOF IS CARRIED NINETY FEET AS STORM SWEEPS OVER GUELPH.

(Special Despatch to The Globe)

GUELPH, AUG. 6. Sweeping across the eastern section of the city early tonight, an electrical storm, travelling in a narrow arc and accompanied by a wind of cyclonic proportions, tore off the roof of the WAREHOUSE of the GUELPH STOVE COMPANY, operated by the T. EATON COMPANY, TORONTO. It is estimated that the damage would reach $4,000. Sections of the roof, which was carried 90 feet, just missed crashing into the new enamelling plant. Half an hour later fifty men were at work clearing away the debris in preparation for a start on the reconstruction of the roof tomorrow.. The damage was fully covered by insurance.
