WATERFORD STAR,THURSDAY AUGUST 30TH.1888.MICRO-FILM,NORFOLK Co.

STORM DATE.SUN.EVE.AUG.26TH.1888. MUSEUM,SIMCOE,ONT.

During the heavy storm of wind and rain on Sunday evening a sort of cyclone a few rods in width swept through from the northwest to southeast between the residence of ANSLEY HEATH ESQ.,and the TOWN LINE, breaking off and carrying limbs of trees into the road,uprooting a large number in the two pieces of woods nearby,and blowing the apples off the trees in large quantities.

SAME PAPER.

There was a terrible storm of wind rain and hail on LAKE ERIE on Sunday evening.At PORT DOVER the hailstones were like marbles and whitened the ground.They broke one of the windows of the Methodist Church. The village and lake presented a grandly weird appearance as the rain fell in torrents and the lightning illuminated the whole heavens.
