CALGARY HERALD 18/JUNE/923

SOURIS DISTRICT 1430-1500 CST JUNE 17/1923.

Storm apparently originating in North Dakota swept through Elgin, Souris regions to end up as heavy rains E and N of Brandon. In SOURIS the storm rolled up from the south and in a few seconds the town was in almost midnight darkness. The wind was terrific. The roof of the COOP store was rolled up from the back and piled near the cornice at the front. Grandstand overturned at the fair grounds, concrete slabs 3' square and a couple of feet deep to which stand was bolted were thrown completely over pile of wreckage. 84 telegraph poles down to east of city and about an equal number down to the west. Many barns down. 2 driving sheds blown to pieces, trees damaged. At ELGIN roof off stor church steeple blown sown, only 7 telephone poles left standing between Elgin and Fairfax. Barn south of Elgi lifted and smashed agains house. At Souris only enough rain to lay the dus fell during the storm.
